

50 LB NET WT. (22.7 kg)

Guaranteed Analysis
Total Nitrogen (N).....40%
35% Urea Nitrogen
5% Ammoniacal Nitrogen
Sulfur (S).....5.5%
5.5% Combined Sulfur (S)

Derived from Urea and Ammonium Sulfate.

Guaranteed by:
Yara North America, Inc.

Product of The Netherlands

Maximize Turf Growth:

YaraVera AMIDAS TURF is a 7:1 homogeneous source of nitrogen and sulfur that allows for optimal uptake at the soil microsite.

Nitrogen is essential for structural and functional proteins and stimulating growth. Sulfur is an important component of proteins and required for nitrate metabolism. Together, nitrogen and sulfur create a synergy for providing a quick green-up response. Formulated for superior handling due to particle hardness compared to urea and ammonium sulfate, but can easily be solubilized to be placed into solution for spraying.

Less dust, therefore, less nutrient loss. Homogeneous formulation allowing for consistent amounts of nitrogen and sulfur on each particle for preventing nutrient segregation.

Spreads consistent without noticeable striping and irregular growth patterns.

Recommendations for Use on Turf:

For best product performance, always apply using best management practices for region and turf species. Apply only when turf is actively growing and with equipment that has been properly calibrated. Apply 0.25 - 1.75 pounds of YaraVera Amidas Turf per 1,000 square feet. Apply irrigation directly after application for best results.

Dry applications: 0.5 - 0.7 pounds nitrogen per 1,000 square feet.

Spray applications: 0.10 - 0.7 pounds nitrogen per 1,000 square feet in a minimum spray volume of 30 gallons per acre for low rate (0.10 LBS. N/1000ft²) and 80 gallons per acre for high rate (0.7 LBS. N/1000ft²).

There are no implied warranties of merchantability or fitness with respect to these products, nor are there any expressed warranties other than as may be contained in any guaranteed analysis that may accompany the product. Buyer assumes all risk to person and property in the use, handling or storage of the product. Seller's liability is limited to the full amount of the purchase price, with the waiver of any incidental or consequential damages being an expressed provision of this sale.

Caution: Mineral fertilizers are inorganic salts or mixtures of salts. By their nature, fertilizer salts may be irritating to the skin and eyes. Precautions should be taken to prevent eye contact and minimize skin contact. Fertilizer dusts are considered nuisance-type dusts. Inhalation of nuisance dusts may induce or aggravate respiratory discomfort. Use a properly fitted, particulate filter respirator complying with an approved standard if a risk assessment indicates this is necessary. Respirator selection must be based on known or anticipated exposure levels, the hazards of the product and the safe working limits of the selected respirator.

DO NOT APPLY NEAR WATER, STORM DRAINS, OR DRAINAGE DITCHES. DO NOT APPLY IF HEAVY RAIN IS EXPECTED. APPLY THIS PRODUCT ONLY TO YOUR LAWN/GARDEN, AND SWEEP ANY PRODUCT THAT LANDS ON THE DRIVEWAY, SIDEWALK, OR STREET, BACK ONTO YOUR LAWN/GARDEN

First Aid:

Eye Contact: Rinse with plenty of running water. Check for and remove any contact lenses. Get medical attention if irritation occurs.

Inhalation: If inhaled, remove to fresh air. In case of inhalation of decomposition products in a fire, symptoms may be delayed. The exposed person may need to be kept under medical surveillance for 48 hours.

Skin contact: Wash with soap and water. Get medical attention if irritation develops.

Ingestion: Wash out mouth with water. If material has been swallowed and the exposed person is conscious, give small quantities of water to drink. Do not induce vomiting unless directed to do so by medical personnel. Get medical attention if adverse health effects persist or are severe.

HANDLE THIS PRODUCT PROPERLY. TO ASSURE OPTIMUM QUALITY AND PERFORMANCE: USE CLEAN, DRY AND WELL MAINTAINED EQUIPMENT.
