

Technical Data Sheet

UAN-29 Plus Sulfur UREA AMMONIUM NITRATE PLUS SULFUR SOLUTION 29-0-0

TYPICAL ANALYSIS

Total Nitrogen	29.0%
8.6% Ammoniacal Nitrogen	
6.8% Nitrate Nitrogen	
13.6% Urea Nitrogen	

Combined Sulfur	3.9%
-----------------	------

Derived from Urea, Ammonium Nitrate and Ammonium Thiosulfate.

Density at 20°C (68°F)	11.06 lbs/gal
------------------------	---------------

Specific Gravity	1.33
------------------	------

Pounds N/gallon	3.21
-----------------	------

pH at 20°C (68°F)	6.5 - 7.2
-------------------	-----------

Viscosity at 20°C (68°F)	5 Centipoise
--------------------------	--------------

Salting Out Temperature	0°C (32°F)
-------------------------	------------

08/25/11
