8.2% Nitrate Nitrogen	
9.0% Urea Nitrogen	
Calcium (Ca)	4.8%

Derived from: Ammonium Nitrate, Calcium Nitrate and Urea.

Density: 11.5 pounds per gallon at 68° F.

DO NOT allow any pump handling the product to run dry or over-heat e.g. due to blockage or closed valve in the associated lines, resulting in pumping against a dead-end. Under such conditions if over-heating occurs this may cause vaporization and possible decomposition of the product. This can create pressure build-up in the pump and, if unchecked, lead to an explosion. Ensure that the pump is used correctly according to the manufacturer's instructions at all times when pumping the product.

There are no implied warranties of merchantability or fitness with respect to these products, nor are there any expressed warranties other than as may be contained in any guaranteed analysis that may accompany the product. Buyer assumes all risk to person and property in the use, handling or storage of the product. Seller's liability is limited to the full amount of the purchase price, with the waiver of any incidental or consequential damages being an expressed provision of this sale.

Handle this product properly. To assure optimum quality and performance: use clean, dry and well maintained equipment.

DANGER: Causes serious eye damage. Wear protective gloves and eye protection. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or doctor/physician. IF SWALLOWED: Call a POISON CENTER or doctor/physician if you feel unwell. Rinse mouth.
